Rupert says, "Shoot with a Camera--Fight with a Pen—Tow with Greenwood".

This page will be hand-dropped in every mail slot on the block—it concerns the Block. It is also sent out by e-mail and posted on the WEB.

The Unit South Durham, Inc. HAS NOT yet purchased 7 South Durham Street—the park and parking—The "PACKAGE" was picked up on Tuesday past. Due to scanner and printer and computer and my mind and body problems, The document has yet to be copied and posted. Everyone is invited to get a copy of the public document and then tell us what we've done wrong while we decide what to do next. I hope this is taken as subtle sarcasm and that everything is in order as to what has been expected and what will be expected in the future: The possibility of a clean, green, safe, open space for the neighborhood in exchange for parking for the block. As it turns out there is still a lot to do and I was not yet aware of it due to all of the above reasons.

This past month there have been two occasions at 03.00 a.m. or thereabouts when Rousseau and me have had words with strange vehicles in spaces. On both occasions the occupants said they were here for either someone around the corner or up the block. In the past the spaces have been used for drug deals and other goings on and this is generally explained to the occupants—the vehicles never get it on their own. We know the cars in our block. The intruders left on both occasions. All dog walkers are welcomed especially if they pick up and take it with them--what it is. The dogs are generally well behaved. Rousseau needs a little more work since he's French even though he's from a nice Jewish family in West Virginia.

Just a reminder that the SECOND and FOURTH FRIDAY of each MONTH is recycling day and mixed plastics, glass, aluminum, paper and cardboard are collected. Nancy's church takes aluminum.

Thanks to the Mayor and City Council and the department of Housing and Acquisitions for the additional tasks and form letters. I'm sorry I jumped the gun. This is B'More or Less. http://www.monorails.org
